

Hair and Makeup Artists that I have worked with:

Disclaimer –

while I recommend these listed Hair and/or Makeup Artists, DPP does not take responsibility for the work of the artists. If you are unhappy with your shoot because of your hair or makeup I will not reshoot for free.

Having said that, I can't stress enough that having great hair and makeup is very important to getting photos with the "wow" factor.

Following are some artists that my clients and I have had good results working with.

(if we haven't worked together and you would like work with me, contact me for how to become listed)
